The mobile DFV service provides short-term mobile outreach support for women and children who are experiencing family and domestic violence on the Sunshine Coast. Kyabra accepts referrals from women who are worried about their own safety, and from other agencies where women have asked for assistance to plan their safety, talk through issues or get further information.

What we do

- Listen to your unique story and provide personalised information.
- Provide assistance with completing relevant paperwork such as DVO applications and Centrelink crisis payment applications.
- Talk with you about your immediate and future safety needs and develop a safety plan that suits your situation.
- Provide practical support as required in terms of basic material support and cyber safety.

What kind of support is offered?

- A personalised response to each woman's experience is provided. We understand that you hold the knowledge about your concerns and picture of the future.
- We can link you with useful contacts and resources as required, make referrals to support with your consent.

- We can meet you in an environment where you feel comfortable and create an action plan or safety plan with you.
